

Provider Communication

Subject: Exception Code 5036 Outpatient Hospital Mass Adjustment	Priority: High
Date: September 9, 2005	Message ID: ACSBNR09092005_1

Dear Hospital Providers,

The Department will mass adjust those claims that erroneously posted exception code 5036 to outpatient hospital claims resulting in incorrect payments and/or denials for claims adjudicated 02/22/2005-3/14/2005. The reprocessing will take place on the next claims payment cycle and will appear on the September 13, 2005 remittance advice.

Should you have any questions, please contact Stacey Harris, Program Specialist Sr., Hospital Services Unit (404) 657-7187.

Sincerely,

The Department of Community Health
